

Success@SixFigurePetSittingAcademy.com

100+ FREE Places to List Your Pet Business Website

This resource is for pet sitters, dog trainers, pet groomers, dog walkers and other pet business owners. It may be shared FREELY without alteration. After all, the more pet business owners who know what they want in life and business, the better for us all!

Hello Pet Business Owner,

Enclosed are 100+ FREE websites on which to list your pet business. I've also enclosed some low cost places to list due to their high ranking on search engines. Please note that some of these listings may no longer be active websites. That's okay. Simply move on to the next listing and enjoy getting higher ranking on the search engines due to your many listings on the Internet.

When you are entering your business on these sites, remember to practice self care with these listings. Just do 5 or 10 a day or week rather than barrel through them all in one sitting and have your circuits fried! Just like your business card marketing at vets, groomers and pet stores, this too should be a relaxing process for you, not an intense one. Breathe. Relax. Enjoy.

And watch your website come up higher on the search engines as a result of placing your website on these websites.

Warmly,

Kristin Morrison

Founder, Six-Figure Pet Sitting Academy™
